Government

Water Act 1912

Order under Section 20Z

WATER ALLOCATIONS FOR 2007/2008 WATER YEAR

Belubula Valley

The Water Administration Ministerial Corporation, pursuant to section 20Z of the *Water Act 1912*, is satisfied that the water source known as the Belubula River proclaimed under section 22C of the *Water Act 1912*, is unlikely to have sufficient water available during the 2007/2008 water year to meet the requirements of those persons authorised by law to take water from the water source. Accordingly, the water allocations for General Security Entitlements are reduced by the proportion set out in Schedule 1 for the remainder of the water year ending 30 June 2008.

This Order repeals the previous Order dated 17 September 2007 declared pursuant to section 20Z of the *Water Act 1912* for the water source known as the Belubula River by which water allocations were reduced for the water year ending 30 June 2008. This previous Order was published in the *New South Wales Government Gazette* on the 21st September 2007, No 127, Page 7257.

This Order will continue in force until 30 June 2008 unless it is repealed or varied by a further Order before that Date.

Dated this 18th day of December 2007

Signed for the Water Administration Ministerial Corporation:

MARK HARRIS

Acting Director
Water Management and Implementation
Department of Water and Energy
(by delegation)

SCHEDULE 1

- For General Security Entitlements, water allocations are reduced to 0%.

Note: The effect of this order is to increase the allocation for High Security Entitlements to 100%.
